Examination Fee Booklet

GCSE and A Level

2019-2020

Introduction

Entry deadlines and late fee dates are listed below.

Exam series	Entry deadline	Late Entry fee date (entry fee doubled)	High late fee date (entry fee trebled)	Amendment fee applies after
November (GCSE Maths Re-sits only)	04/10/2019	05/10/2019	01/11/2019	01/11/2019
January	21/10/2019	22/10/2019	22/11/2019	22/11/2019
June	21/03/2020	22/03/2020	22/04/2020	22/04/2020

All students studying GCSE, International A Level and A Level specifications will receive an entry form/invoice at the start of term 2 (January 2020) indicating the examinations for which they will be entered for, for the summer 2020 examination season. It is important for students to check the invoice carefully to ensure the following:

- Personal information (date of birth, gender, spelling of names) is accurate as this information will appear on certificates. Please ensure your name is as per your passport. If the information on certificates is not correct this may cause issues when applying to universities or job applications. Please inform your subject teacher or Mrs Lewins of any errors.
- Check that all the subjects and units listed are correct. If there are any errors or omissions inform Mrs Lewins immediately so corrections can be made and a new invoice can be issued.

If the entry form/invoice a student receives is correct payment should be made with the accounts department and the **entry form should be returned to the examinations office or the accounts office before the deadline date** stated on the entry form. If the form is not returned to the examinations office by the deadline date a students' entries will not be made and late charges may apply. Once the form is returned to the examination office a students' entries will be submitted to the examination boards by Mrs Lewins e.lewins_wek@gemsedu.com

Late fees

Late fees will be charged for any entry forms returned after the entry deadline. From the late fee date, the entry (unit or subject) fee is doubled. The entry fee is trebled after the high late fee date. This is the examination boards' policy. It is therefore very important to make a note of entry deadlines and ensure examination entry forms are returned to the examinations office on or before the deadline.

Refunds

If an entry is withdrawn before the high late fee date a refund for the entry fee will be issued. If an entry is withdrawn after this date, a refund cannot be issued. The examinations office should immediately be informed of any changes to examination entries.

Here are some frequently asked questions about examination fees

Why are examinations fees not included in tuition fees?

Examination fees differ per student based on their option choices. We therefore invoice students based on what examinations they are being entered for rather than a standard fee included in the tuition fees as this may mean parents who would be paying less are paying more for examinations fees.

What are examination fees for?

Examination boards charge for any examinations entries made to them. They charge per unit entered as outlined above. Included in the fees is an administration fee which covers the cost of invigilation, examinations supplies, annual examinations board registration fees, courier fees etc.

Why is payment for examinations required so far in advance if the examinations only take place in May/June?

Deadlines for the payment of examinations fees are set in line with the examination boards' entry deadlines. If we as an Academy do not submit the entries by the deadlines dates set by the examinations boards then we are charged late fees. The examinations boards first double the fees then eventually treble the fees. This is the examinations boards' policy which is why we ask parents to make payment before the deadline dates in order to avoid paying these late fees
